FT HOW TO SPEND IT
“Great organisers are invisible and cazeneuve+loyd is certainly the most invisible one in that everything seems effortless and stress-free. Above all, they inject a spirit of great fun. They are wonderful door openers to a culture but in the most elegant manner.”

BRUNO AND MELANIE TROUBLE, CLIENTS, FRANCE
WHAT WE DO

We design extraordinary tailor-made journeys, small group trips and celebrations. These include family holidays with children of all ages, honeymoons, sabbaticals, multi-generational trips, individual travellers, young and retired couples, and groups of friends.

“What style you all have in a world, at times, full of mediocrity.”

GRAHAM BONHAM-CARTER, CLIENT, UK
OUR AREAS OF EXPERTISE

We work in five extraordinary regions of the world, specialising in 60 unique destinations across:

+ Africa + the Indian Ocean
+ Central + South America
+ Asia + the Middle East
+ Australasia
+ The Polar Regions
Our clients are individuals looking for unparallelled, personal service from real experts with first-hand knowledge. Many people hear about us through word of mouth and much of our business is from repeat clients.

We only design around 350 trips a year, so are able to provide our clients with the time and attention necessary to create the perfect, tailor-made trip.

“cazenove+loyd doesn’t advertise, which is good. People like to whisper little secrets to their friends.”

CLIENT, AUSTRALIA
Our dynamic team has invaluable knowledge of how to get under the skin of some of our regions’ most exhilarating destinations. They are continuously revisiting and trying and testing, so that they can offer our clients up-to-date and little-known insights into the places they are so passionate about. Most importantly, they care about getting to know the client, and invest time into building important relationships, which enable them to create holidays of a lifetime.

“\nThe advantage cazenove+loyd offers is a small, niche team that knows every place in detail.”

CLIENT, CANADA
OUR SERVICE

Our service is unparalleled in its attentiveness. From the initial conversation, we begin to build our clients’ ideas into a holiday, continuously tweaking during the planning process to deliver extraordinary, unique experiences. We collaborate with the client in exactly the way they wish, whether that is by meeting face to face, talking on the phone or communicating by email – or a combination of all three – to ensure we grasp exactly what they want to get out of their trip. Many people come to us with little idea of where they want to go, but through talking to our experts they come to realise an incredible adventure they had not even dreamed of.

When our clients are away, we are on hand 24/7 throughout the trip to ensure that it exceeds their expectations. We are in the wings ensuring every detail runs smoothly, constantly in contact with those on the ground – proactive and reactive to the flow of the trip.

“Our trip to Japan was spectacular, thanks to the meticulous and discerning planning of cazenove+loyd. Everything worked like clockwork, and we felt very well taken care of throughout our two-week journey. No detail was too small, and it made for a very pleasurable and rewarding travel experience.”

WHY TRAVEL WITH cazeneuve+loyd?
WE ONLY CHOOSE WHAT IS RIGHT FOR YOU

We have no vested interest in where we send you. We only want what is best for you. As a small company, we believe that the most effective way of having a positive impact is to work with individuals who share our values. In that respect, we tend to prefer locally owned, small-scale lodges and hotels that reflect the personality of a place.

“...For each and every one of the places at which you arranged for us to stay, please accept my unreserved congratulations and hearty thanks. Each one of them was extraordinary in its own particular and memorable way.”

CLIENT, NEW ZEALAND
WITH CAZENOVE+LOYD
EVERY MOMENT MATTERS

We ensure that our clients get the most out of their time away. Holiday days are precious and we are meticulous about getting every minute right.

From sunrise to sunset, your expert is on hand to make sure that each day is nothing short of incredible. This means seeing a dramatic river crossing in Tanzania from exactly the right vantage point without any other vehicles around. It means sitting on the right side of the plane for the best views over the Himalayas. It means securing reservations at Tokyo's most exclusive restaurants. It means that a favourite drink is available throughout a mobile expedition in Botswana, even in the most remote areas. It means never having to compromise.

“They were polite but firm about what was appropriate and how long we should stay at each destination and, of course, they were spot on. Never too long or short.”

CLIENT, BRAZIL
THERE ARE BOUNDLESS POSSIBILITIES

Your Destination Expert will develop a nuanced understanding of exactly what you want, and create a tailored itinerary with those special touches included, ensuring every second is spectacular. Don’t be afraid to ask, as truly, anything is possible with cazenove+loyd.

“We have organised a surprise proposal in Namibia and even tracked down a yellow Cessna plane that a client flew in over 20 years ago to pick her up in Botswana – with the same pilot.”

HENRIETTA LOYD, FOUNDER + OWNER
In all of the regions in which we work, securing the most inspiring guides is our highest priority. These are the people who will introduce our clients to the country, the ones who allow them to see the real soul of the place they are visiting. These specialists in their field guide for us on special request and are able to create out-of-the-box experiences just for them.

“Our guide was in a league of his own. From inviting us to his home in Bagan to his captivating stories of life in Myanmar, we tried hard – but were unable – to catch him out on any topic. He was a powerhouse of knowledge and great fun to be with. He is clearly revered wherever he goes and we felt thoroughly spoilt and blessed to be in his company. Again, thank you!”

LUCINDA DE BOISEGELIN, CLIENT, UK
IT’S ALL ABOUT FLIPPING THE SCRIPT

It is natural that clients want to visit the well-known ‘highlights’ of our destinations – and rightly so. We spend time ensuring they see these wonders of the world in a new way, away from the crowds. We can arrange cycling to the lesser-known temples of Angkor or a private sunrise breakfast on a quiet, grassy bank overlooking the Taj Mahal.

“Our guide, Bahrat, was faultless and very charming. I really enjoyed the cycle ride through Old Delhi – that struck me as really original and an opportunity to see the most authentic part of the city in a non-touristy way.”

CLARISSA VORFELD, CLIENT, SWITZERLAND
OUR PRIVATE ACCESS + PERSONAL CONNECTIONS

It is often who you know, not what you know – and due to the special friendships we have built up over the years, we have unprecedented access to some truly inspiring people and places. We have exclusive entry to private properties and extraordinary experiences that money alone can’t buy, and can open doors that others simply cannot.

“cazenove+loyd has unique personal connections, which means every journey has a unique aspect.”

ANGELA NEIL GROVE, CLIENT, USA
EDUCATIONAL AND MIND-EXPANDING

We tailor a client’s journey so that it is full of things that they are passionate about. Whether they have a particular interest in food, history, politics, wildlife, art or music, we can create a trip that explores their greatest loves in a thoughtful and enlightening way.

“We were treated to a breathtakingly beautiful walk round the flora and fauna, notably orchids, tanagers and hummingbirds, of the Inkaterra in Aguas Calientes. The botanist who showed us around, another star, was born in this jungle.”

CHARLES PETTIT, CLIENT, UK
THE IMPORTANCE OF PHILANTHROPY

We work in some of the most ecologically and culturally sensitive parts of the world, and are always conscious of operating in a way that has a positive impact on both the environment and the people. We support a number of small-scale charities across our five regions, so clients can go and see for themselves the effect their trip is having. From schools in Cambodia to a project that gives lights to remote villages in Africa, we are committed to promoting real change on the ground.

If clients are interested, we are keen to get them involved in local conservation efforts. Whether it be whale counting in Antarctica or rhino relocation in Kenya, you will leave knowing your actions have made a difference.
MEANINGFUL TRAVEL IS POSSIBLE

At cazenove+loyd, we understand that the motivation for some journeys is the desire to trace your ancestors. We will go to any lengths to help you connect with your family’s past and open up a history that might otherwise have been forgotten.

Recently, we helped a family follow in their grandfather’s footsteps in Nepal, where he had served in the 9th Gurkha Rifles. We arranged a surprise family dinner with members of his old regiment, who brought photos of him with them.
A cazeneuve+loyd holiday creates precious memories beyond expectations. We are tireless in our pursuit of the best. Therefore, the trips we design always include thoughtful touches – sometimes a surprise, sometimes not – that cater to the clients’ interests and likes. This added value can only be crafted by our experts due to the special relationship they build with them. They are not dictated by cost but priceless acts that enhance a trip and convey to the client that we have understood them.

Once, for example, we arranged for Father Christmas to visit a young family concerned they would be forgotten at a chimneyless tented camp in India. We also surprised an artistic client with watercolour paints and an easel planted in particularly stunning points in the desert in Wadi Rum, so that she could paint throughout her journey.
TYPES OF TAILOR-MADE JOURNEYS
ADVENTURE

For more than 25 years, we have helped those looking for adventure find it in the most extraordinary places. From heli-skiing in Japan to horseback riding across the Sahara, nothing is beyond the bounds of possibility.

ART + ARCHITECTURE

Whatever our clients’ interest, we can organise some truly exclusive art-and-architecture experiences that others simply cannot. Some of our favourite things to arrange are a day with a local artist in Cape Town, a guided morning with a famous architect in Fes or an after-hours visit to Lima’s Larco Museum with an expert curator. The list goes on.

CULTURAL EXPERIENCES

We deliver extraordinary cultural experiences, such as joining in morning prayer in a remote Himalayan monastery, a foodie adventure in Lima or enjoying private access to the Pyramids of Giza out of hours. These leave clients with a deeper understanding of a destination.

“Patagonia was more wonderful than I had imagined. It pushed my body in the best way possible. I was sore and rejuvenated after each hike. I cried when sailing away from one of the glaciers, so touched by the majestic, harsh beauty of the place and my fortune at being able to visit.”

MITHRA HARIVANDI, CLIENT, USA
Staying in a private house is a great way of experiencing a destination if you’re looking for privacy. We don’t work with many owners and those we do tend to only work with cazeneuve+loyd. From beach houses in Brazil, Mexico, South Africa and Indonesia to wilderness retreats in India, sub-Saharan Africa, the Arctic and Latin America, we can offer true exclusivity in some of the world’s most dramatic destinations.

The perfect beach destination or private island is subjective. For some, it is barefoot luxury and simplicity, with crashing waves and few mod cons. For others, it is toys, watersports and glamour. Some like a buzzing beach-bar scene, while others opt for total seclusion and privacy.

We travel extensively and never take a destination’s boasts and hyperbole on face value. Only by staying in a place can we keep up to date with what works, for whom and why, and can plan spoiling, tailor-made holidays based on our discoveries. We are always on the lookout for the most secluded spots, and the best-kept secrets are on our radar.

We are fully independent, so our only concern when choosing a luxury railway carriage, private yacht or a cabin is what is right for our clients. Life on-board is about the thrill of ever-changing scenery. Our insider knowledge allows us to recommend the most spectacular routes, the utmost comfort, excellent food and superb guides whether they’re travelling by train or boat.
WILDLIFE
Whether our clients’ goal is to spot a particular type of mammal or a rare and beautiful species of bird, we will match them to the best destination and a brilliant wildlife guide who shares in their passion. We have access to some of the world’s most talented, insightful individuals who will inspire them with their vast knowledge, thrilling stories and highly skilled tracking.

SAFARI
For a seamless safari that goes beyond the trodden trail, you need an expert. There are so many elements to consider to ensure that our clients’ safari is as memorable and exhilarating as it should be – from the time of year they travel to the camps and lodges they visit. Every day, our experts are talking to their friends and contacts on the ground, and it’s no stretch to say that their in-depth knowledge has no match.

WELLNESS ESCAPES
Many of our clients are looking for a truly relaxing break on their travels, a place where they can rest and recuperate, and enjoy spa treatments, yoga and nutritious food. Our specialists have the inside track on some of the world’s best wellness spots.

SABBATICALS
Many of our destinations lend themselves to planning and executing that extraordinary extended journey. We are as happy organising two-week holidays as three- or six-month adventures, and can create the perfect sabbaticals for our clients, across various countries and continents, whether they are travelling with or without children.
SMALL GROUP TRAVEL

We produce a select number of carefully curated journeys designed to offer the same level of luxury and exclusivity as our tailor-made travel, plus more. Travelling with a specialist as their guide and a small number of like-minded people means our clients enjoy extraordinary private access and incredible one-off experiences.

Our very limited journeys have a fixed number of spaces, set dates and a set price per person.

On the following page, you will find a handful of the small group trips we have arranged.
Travelling across Japan is not something many Westerners undertake lightly, and the world of Japanese art and culture is as perplexing as it is enticing. Without the specialist expertise of cazenove+loyd and art historian Sophie Richard, we would not have even contemplated such an unusual and ambitious trip.

KIRSTY ANSON, CLIENT, UK

“I highly recommend cazenove+loyd due to their impeccable service and attention to detail. My experience in Jordan was beyond my expectations. I felt incredibly lucky to visit many places with special privileges, such as the stables of the king’s horses. The ultimate travel experience. Truly beyond luxury.”

MARYANA GREENBERG, CLIENT, UK

Saigon to Siem Reap on the Aqua Mekong, with William Shawcross, CVO, for 41 guests

“Every detail was taken care of. We were given an experience that we would never have achieved had we travelled on our own. It was stimulating, with great lectures and a well-thought-out itinerary. The boat was superb and cazenove+loyd couldn’t do enough for us. The days were packed with visits to remote spots, sunset drinks and cycling in the countryside.”

ALLYSON KAYE, CLIENT, UK

We are uniquely qualified to create fabulous and exclusive parties for those wishing to celebrate a special occasion in one of our regions. Our network of contacts grants us access to some of the most extraordinary locations around the world. Whatever the reason to celebrate, inspiration comes directly from the destination and we bring that destination to life in spectacular style.

Celebrations include island-hopping in Indonesia’s Raja Ampat to party in an area of untouched beauty, sitting down to a banquet beneath the stars in a secluded, bespoke desert encampment in the Omani desert or dining and dancing adorned in garlands within the walls of a private palace in India. With cazenove+loyd, anything is possible.

Parties can be created for up to 150 guests and we organise everything from start to finish.
why travel with cazenoove+lloyd?

Our guests came across a fleet of personalised tuk-tuks, accompanied by a team of ‘Stigs’ in white helmets wearing white kurta pyjamas giving them a distinctly Indian twist. Their role – to prepare guests for a rickshaw rally through the desert on a carefully constructed racetrack full of hidden tricks and challenges. It is safe to say that the dust in Rajasthan was left very much unsettled.

CHRISTOPHER WILMOT-SITWELL, DIRECTOR

It is rare that I hand over control, but with you at the helm I was confident that every detail would be attended to with exquisite care. On one evening, we were escorted through cobbled streets to a starlit dinner by performing acrobats and fire-eaters. I will never forget all of us wearing matching djellabas and slippers in every guests’ favourite colour. My expectations were exceeded in every possible way.

We could see the fireworks from Rio Carnival’s Winners’ Parade above the sambadrome that night. After dinner, to our total surprise, each of us was presented with a costume and taken down the hill so that we could take part and dance in the carnival procession – wow!
